## About Me

Information Engineering student with a strong passion for front-end development and modern web technologies.

Currently focused on building responsive and interactive web applications using JavaScript and React.

I continuously improve my problem-solving skills and strive to write clean, maintainable code.

Interested in web architecture, UI/UX principles, and cybersecurity fundamentals.

## Skills

- Html 5
- CSS 3
- Java Script (ES6+)
- Tailwind Css
- React
- Git & Github

## Academic Background

### Bachelor of Information Engineering Syrian Virtual University (SVU)

2024 – Present (Expected Graduation: 2028)

Relevant Coursework:
